HELP THE HELPLESS

Emergency Appeal
PLEASE DONATE NOW

Your support is needed.
Help the victims of war by
helping to provide for their
basic needs

APRIL 2009

Muslim Aid is responding towards the Humanitarian Crisis for those displaced in the North. Muslim Aid is responding at present by providing an inflatable field hospital, ambulances, and a team of doctors. We are also sending out water purification equipment which has the capacity of providing 144,000 ltrs of safe drinking water per day along with a water bowser. There is an urgent need for more bowzers to reach IDP's with safe drinking water. We appeal to you to help us with funding to procure another bowser, maintain and to upkeep supplies of mobile water & hospital services for the immediate needs of the displaced.

FUTURE PLANS

- Resettlement
- Creating People Accelerating Towards Human Synergy (PATHS) links
- Creating child friendly spaces
- Helping war affected children to rebuild their lives
- Supply 150 more beds to the Mannar Hospital
- Acquire one more bowser from UMCOR to deliver water at Menik Farm

Muslim Aid remains one of the few international humanitarian organizations with access to the camps

Muslim Aid Sri Lanka has been working around the clock in Vavuniya refugee camp, and has been able to work with the government and other local and international partners in responding to this huge crisis
