

Room to Read Meets the President of Sri Lanka

Room to Read Sri Lanka met the Sri Lanka President HE Mahinda Rajapaksa for the first time and discussed with the President about our Programmes and achievements in Sri Lanka. We also made our commitment towards the re-building of War affected Northern Region Mannar District. We are implementing Rs. 160 million worth of projects in Mannar and under this programme we construct 22 Primary Schools, 20 Pre-schools and 51 Libraries.

We also positively responded to the President's Request to join the 'Presidential Book Project', which he is planning to start in September with the Literacy Day and in this Project, President is planning to donate 500 books for each school which visits his official residence. We are committed 100 books per school which includes our LLP and Scholastic Books.

We have handed over the first book donation and also John's Book to President. He was impressed with our programmes and assured his fullest support to RtR. We are happy that our CPO – Dhir was able to join me and PD at this meeting. Hope you enjoy these photos.
