

11th August 2010

Dear Madam / Sir,

Fourth National Training Course in Integrating Sexual and Reproductive Health Services in Crises

The Health Emergency and Disaster Management Training Centre (HEDMaTC) of the Faculty of Medicine, University of Peradeniya has been in the forefront of conducting health emergency and disaster management training programmes in Sri Lanka since its inception in 2005. We conducted three National Training Courses in Integrating Sexual and Reproductive Health (SRH) Services in Crises in collaboration with the United Nations Population Fund (UNFPA) training 69 doctors and tutors.

Following the success of these three programmes, we are now making arrangements to conduct the fourth SRH training in collaboration with the UNFPA for the participants from UN, NGOs and INGOs. The overall goal of the training is to increase the coordination skills of SRH. We will be discussing sexual and gender based violence, overview and coordination of Minimum Initial Service Package (MISP), maternal and newborn health, HIV and other sexually transmitted infections during this programme.

The training will be held as a 3-day residential programme from **23rd to 25th of September 2010** in Kaluthara for 25 participants. We believe that this will be an excellent opportunity. Please be kind enough to nominate **two** participants from your organization.

The participants will be provided with the following:

1. Accommodation - on twin sharing basis from 22nd to 24th September. Participants can check-in in the evening of the 22nd. All participants should be present at the venue by 8 am on the 23rd. The exact venue will be notified soon.
2. Daily breakfast, lunch, dinner and snacks
3. Course material

Enclosed is the registration form for the programme. Kindly complete the form by each nominated participant and return it (by mail, fax or e-mail) through the Head of the institution to reach HEDMaTC on or before **25th August, 2010**.

Thanking you,

Yours sincerely,

Dr. Sampath Tennakoon
Director
