	<p><b>Cash for Work program:</b>          *CARE is implementing a Cash for Work program in collaboration with CBOs in the areas where we will be constructing shelter. We are working with 9 villages clearing all lands inside and outside relocation centers. There are approximately 190 people working each day. Two-thirds of the land allocated for transitional shelter has already been cleared.</p> <p><b>Psycho Social:</b></p> <ul style="list-style-type: none"> <li>• CARE has begun a collaboration with The Mangrove on psychosocial activities</li> <li>• Efren Mariano visited Batticaloa to create a site plan for the Vaharai shelters. Five lorries of construction materials have been distributed to Batticaloa and arrived this morning to begin transitional shelter construction this week.</li> <li>• CARE is finishing the Cash for Work program in collaboration with CBOs in the areas where we will be constructing shelter. We are working with 9 villages clearing all lands inside and outside relocation centers. There are approximately 190 people working each day. Two-thirds of the land allocated for transitional shelter has already been cleared.</li> <li>• CARE has begun a collaboration with The Mangrove on psychosocial activities.</li> <li>• CARE has rented a house in Vaharai to be used as a field office.</li> </ul> <ul style="list-style-type: none"> <li>• CARE has begun the construction of shelters at the three resettlement sites in Kathiravelly, Putharkerny, and Palchenai. This week, CARE hired skilled workers, began digging 30 wells, and constructed the frame for the first twelve transitional shelters.</li> <li>• CARE distributed 676 radios to IDPs in three villages to allow better access to information and to assuage people's fears. CARE also distributed 676 NFI kits of blankets and soap to the resettling communities, as requested because of incomplete distribution, hygiene concerns, and a need for mosquito protection at night.</li> <li>• More than 25 staff participated in a Do No Harm training that CARE conducted in Batti.</li> <li>• CARE now has a field office in Putharkerny, in Vaharai.</li> <li>• CARE is finishing the Cash for Work program in collaboration with CBOs in the areas where we will be constructing shelter.</li> </ul>		<p>31/03/2005</p> <p>21/04/2005</p>
--	---	--	-------------------------------------

	<ul style="list-style-type: none"> <li>• A ten day livelihood workshop is beginning in Batticaloa, involving staff from all tsunami affected districts, run by Kenny McAndrew, livelihoods consultant.</li> </ul> <p>Ongoing well construction in the 3 areas set aside for transitional shelter construction – 9 wells in total</p> <p>Construction of frames and walls for 71 transitional shelters (25 in Kadiravelli, 6 in Puchakerny, 40 in Palchenai). Roofs will be completed when tin sheets arrive.</p> <p>The Participatory Needs Assessment (PNA) looking at livelihood rehabilitation has now been completed for all 3 IDP camps. The information from this is currently being collated.</p> <p>Took an average of 75 people from each of these three villages where we are building transitional and permanent shelter (adults and children) to see an exhibition organized by a local NGO of drawings by tsunami affected children.</p> <p>Organized activities for children, with local NGO partner “Mangrove”.</p>		28/04/2005
Caritas	<p>EHED- Caritas- 24 families have completed transitional shelters, 194 are on going. Totally the community animators have registered 1628 families for shelters. Created guidance for administering community clean-up CFW projects in 3 divisions.</p> <p><b><u>Regional Overview:</u></b> EHED / Caritas Batticaloa is part of a 4 agency security group that includes UNICEF, IOM and ICRC. The UN security coordinator for Sri Lanka visited Batticaloa on March 17 to provide an overview and tips on security management.</p> <p><b><u>Beneficiaries:</u></b> In Manmunai North division, a group of over 300 families have received pressure from local authorities to vacate schools and other public buildings where they are currently residing. According to UNHCR, many families are reluctant to return to their homes, fearing they would only receive assistance if they relocated to collective sites. EHED / Caritas Batticaloa agreed to expedite the initial registration and transitional shelter construction for the first 75 families, to help dispel the myth among IDPs that families will not receive transitional shelter assistance if they return to their homes of origin.</p> <p><b><u>Transitional Shelters:</u></b> 1870 shelters are planned. 31 shelters are occupied out of 103 completed to date and 387</p>		10/03/2005  28/04/2005

	<p>are under construction. The nation-wide shortage of timber and delays in plastic sheetings continues to be the primary delay in shelter construction. EHED / Caritas Batticaloa has requested timber from OXFAM Australia to construct 2400 homes and requested an additional order to construct 1,400 transitional shelters.</p> <p><b><u>Housing:</u></b> EHED / Caritas Batticaloa programming staff continues to seek greater clarity from divisional secretariats and the Urban Development Authority with respect to land allocated to resettle individuals residing within the coastal Buffer Zone.</p> <p><b><u>Water Sanitation:</u></b></p> <p>EHED / Caritas Batticaloa is working closely with other agencies such as MSF (Médecins Sans Frontières) and ACF (Action Contre la Faim) to ensure hat adequate water and sanitation facilities are available for internally displaced people returning to their pre-tsunami plots of land, in Manmunai North division.</p> <p>Francisco Guachalla hosts a sanitation workshop for newly hired Caritas Batticaloa water and sanitation staff, from both Batticaloa and Kalmunai offices. The workshop addressed technical and social elements of sanitation projects and emphasized the importance of using process indicators to measure activities and change indicators to measure results.</p> <p><b><u>Livelihoods:</u></b></p> <p>EHED / Caritas Batticaloa will begin working with MSF (Médecins Sans Frontières) to distribute livelihood kits to trades people who have lost their livelihoods, in Kaluwanchikudy division.</p> <p><b><u>Recruitment &amp; Capacity Building:</u></b> EHED / Caritas Batticaloa hired 2 water and sanitation officers to design latrines and wells. Other vacancies which Caritas Batticaloa is filling include :</p> <ul style="list-style-type: none"> <li>- 1 Chief Technical Officer</li> <li>- 1 Head of Personnel</li> <li>- 3 cash for work officers.</li> </ul>

Norwegian Refugee Council (NRC)	<p><b>School Rebuilding</b> NRC will rebuild and rehabilitate 10 schools damaged by the tsunami in Batticaloa district.</p> <p>NRC's architect has recently completed a visit to all schools to be rebuilt or rehabilitated by NRC together with NRC Project Coordinators. During these visits tailor-made rebuilding programs for each and every school have been discussed with the local authorities (zonal directors for education and school principals). The designs will be further developed in order to incorporate various local needs. The Ministry of Education will be consulted regarding the designs in the beginning of April. As soon as the architectural designs are approved, the structural designs and tender documents will be prepared.</p> <p>A psychosocial program is being developed for training of teachers, and selected teachers from all schools to be rehabilitated by NRC will participate in psychosocial training.</p>					07/04/2005
Oxfam	<p>Implementing stage - Cooked food, Dry rations. Non food relief items</p> <p>A base has been set up in the south between Matara and Hambantota. Existing bases are in the North &amp; East, set up to provide humanitarian relief in response to the conflict will continue.</p> <p>Immediate relief effort is focused on the provision of clean drinking water and the construction of toilets. The provision of temporary shelter, bedding, buckets, soap, matches, candles &amp; sanitary napkins. (NFRI packs)</p> <p>Have already distributed over 6000 mats, buckets, 33,000 bottles of water, food for 9000</p>					01/01/2005

	families and over 4000 NFRI packs. 8000 NFRI packs in transit from Colombo to the East. Water Sanitation equipment has arrived – a team of technical staff will be doing a deeper assessment and will help with the speedy & timely delivery of response.		
OCHA	The Norwegian Refugee Council is rebuilding and rehabilitating 10 schools damaged by the tsunami in Batticaloa district. A psycho-social program is being developed for training of teachers, and selected teachers from all schools to be rehabilitated by NRC will be offered psychosocial training.  *The OCHA field officer is establishing a database of all non-food related items that have been distribute over the past four months in tsunami-affected areas of the district.  *The database will be maintained for non food items distributed in the future as well  *This information will be made available as soon as possible to those organizations planning their distribution over the coming months, particularly for semi-permanent shelters in both relocation and return sites.  *Two workshops that specifically target the needs and concerns of women and of groups working with women are being held in Batticaloa district this week-one on ;Land Rights and Government Shelter Policies”, and the other on “Construction: Planning and Building”.		31/03/2005  28/04/2005

Sri Lanka Church Child Care Association	Collection & distribution center for relief – Urani		19/01/2005
Swisscontact - Swiss Foundation for Technical Cooperation	<p><b>Phase 1 - 29 December – 6 January:</b> Approx. Rs. 1'000'000 spent on immediate relief in affected areas (food- and non-food relief items incl medicines distributed as needed).</p> <p><b>Phase 2 – 12 January onwards:</b> Two Swisscontact counsellors and 10 trained counsellors of partners will visit people in camps and staying with relatives to provide counselling.</p> <p><b>Phase 3 – January – March:</b> Distribution of hand tools to affected craftsmen/women and farmers through St. John's Vocational Training Centre. Development of baseline survey formats and tool list with the assistance of DVTC Nintavur (VTA) and implementation through Sewalanka to identify affected craftsmen/women and youth to be trained mainly in the construction sector.</p> <p><b>Phase 4 – April onwards:</b> Development of long-term project proposals and its implementation mainly in the field of construction to train unemployed youth and affected craftsmen/women in technical but later also in managerial skills and possibly access to credits through local NGOs, private sector and private and government training providers.</p>		24/03/2005
Tamil Rehabilitation Organisation (TRO)	Deployed 12 medical teams (52 Doctors) to operate in the Batticaloa, Amparai and Trincomalee areas		07/01/2005
UNHCR	Working with the British Navy Air force to again airlift NFRI to Kallar area on Thursday, 13 January 2005. Kallar is totally cut off from both Batticaloa and Ampara districts. Approximately 1500 IDP are living in the island. If agreed, they will airlift to provide NFRI to these 1,500 IDPs. Four TACs were covered by two mobile distribution teams who distributed NFRI to a total of 407 families.		18/01/2005
	A convoy of NFRI was dispatched from Colombo On 21 <sup>st</sup> Feb.		10/03/2005
UNICEF	Staff in Batticaloa have helped ferry the wounded and the dead to area hospitals. Procured three 6,000 litre water bowsers for Batticaloa, Matara and Ampara on 31 December Distributed 500 x 5L bottles of water to the maternity and paediatric ward in Batticaloa General Hospital and 350 x 5L bottles of water to the Department of Health in Batticaloa district. Distribution of 103 school kits. UNICEF has agreed to reconstruct and refurbish six primary health care centres damaged by the Tsunami in Batticaloa district. UNICEF Batticaloa will also construct a paediatric ward in Arayampathy District Hospital and one in Valaichchenai District Hospital.		05/01/2005 06/01/2005 18/01/2005

<p>Ten barrel latrines and 10 pit latrines have been constructed in Kattankudy. The construction of a further 34 latrines is on-going in both Kattankudy and Arayampathy. 25 latrines were completed as of 31 January. In some of the schools used as camps, sanitation pits have leaked into the school wells.</p> <p>The office is promoting the protection of separated children via the production of public information messages on posters to be put up in DS offices, hospitals, schools and shops.</p> <p><b>Water and Sanitation</b></p> <p>Proposals for water and sanitation in Kalkudah and Paddiruppu education zones have been approved.</p> <p>Thirty-four latrines completed – including 7 just completed in Aarayampathy and 4 in Kattankudy.</p> <p>In Batticaloa district, UNICEF is working with ACF and Oxfam Australia to develop a checklist to address protection concerns when setting up water and sanitation facilities in camps and communities. The protection task force in Batticaloa will give a presentation to the water and sanitation task force on the importance of community participation as a tool for protection when setting up water and sanitation facilities in camps.</p> <p>Consultation with IDPs to assess their performances with regard to latrine location and other requirements.</p> <p><b>Education</b></p> <p>Proposals for temporary school buildings in Paddiruppu and Batticaloa education zones have been approved and work will start immediately.</p> <p>Construction of temporary school buildings in Paddiruppu zone is ongoing and should be completed early next week. UNICEF is awaiting the list of semi-permanent schools to be constructed in Kalkudah education zone.</p> <p>A rapid assessment of the obstacles found by IDP children &amp; their parents getting back to school is being conducted.</p> <p><b>Protection and Psycho- Social Support</b></p> <p>Held a review meeting with the women and children police officers working in the camps, regarding sexual and gender based violence</p> <p>A total of 119 toilets have been constructed. Toilet construction is hampered in some places as people are spontaneously settling on private land in tents and the landlords do not want the construction of toilets.</p> <p>Distribution of family kits- 920 family kits were distributed (22-25 Feb), 650 kits in store for distribution.</p> <p><b>Distribution of family kits</b></p> <p>Kits will be distributed during follow up visits of separated children</p>		<p>03/02/2005</p> <p>10/02/2005</p> <p>24/02/2005</p> <p>03/03/2005</p> <p>24/02/2005</p> <p>03/03/2005</p> <p>24/02/2005</p> <p>03/03/2005</p>
--	--	---

	<p><b>Health and Nutrition</b> 12,000 mosquito nets were distributed to batticaloa during the week of 25<sup>th</sup> February</p> <p><b><u>Water &amp; Sanitation</u></b> UNICEF undertook, in collaboration with volunteers from OXFAM CEVAW Women's Network, to consult with IDPs of the Aarayampathy East Camp regarding water and sanitation points in the camp.</p> <p><b>Construction of temporary school shelters</b> All temporary schools in Paddiruppu Education Zone are expected to be completed this week.</p> <p><b><u>Distribution of Supplies</u></b> School bags were supplied during the week of 28 Feb-4 March. Batticaloa- 3488 Kalkudah- 3270 Muthur- 6804 Paddiruppu- 4590</p> <p><b>Water &amp; Sanitation:</b> *In Batticaloa, a total of 132 temporary toilets have been constructed and six wells repaired. * Materials have been transported for the construction of another 10 latrines in the newly established transitional shelter in Manmunai North DS division. *A proposal has also been developed with the Municipal Council to construct 500 individual household toilets for returnees. *All ten ECHO water tanks have been assembled and dispatched to Aryampathy and Kattankudy DS divisions. * Construction of bathing facilities in Selvanagar has begun.</p> <p><u>IDPs in schools :</u> *IDPs housed in the three remaining schools of Batticaloa have relocated, allowing classes to start. * All schools in Batticaloa district are now open.</p> <p><b>Schools cleaned with UNICEF support:</b> *7 Schools were cleaned.</p>		<p>17/03/2005</p> <p>24/03/2005</p>
VSO	2 Occupational Therapists – Teaching Hospital and Mavadi Vembu mental health unit		27/01/2005

	<p>loss of life</p> <p><b>Family Cards</b> Our staff has developed cards for each family so that all the benefits they have received have been logged including the shelter.</p> <p><b>Household Equipment Kits</b> Having assessed what other NGO's had given and discussed the preferences with the community, 75 household equipment kits comprising of the following were given: * Mamoty * 1 serving spoon * Rake * 1 rotti pan * Large knife * 1 bowl for washing rice * Coconut scraper * 1 lantern * Kettle * 1 sieve * Large spoon (coconut shell)</p> <p><b>Toilets</b> The plan of building temporary toilets and land locations is being discussed with the village officers and the Divisional Secretary. The Grama Sevaka, The Public Health Inspector, the villagers and YGRO staff located 3 public areas for constructing temporary toilets, having considered sanitary, water resource, male female privacy, accessibility considerations. In the 3 locations 18 public toilets have been built. 6 in each location 3 in one row and the other 3 in an opposite row but facing the opposite direction as well. This gave privacy as well as it was cost effective. The platform, floor was cement base. The roof, side covers were made of tin sheets.</p>		10/03/2005
