

CURRENT ASSISTANCE PROVIDED BY AGENCIES – 21ST APRIL 2005

SOUTH

HAMBANTOTA

AGENCY	ASSISTANCE	REMARKS	LAST UPDATE
ADRA	<p>Initially – Medicine and Water. Temporary shelter, clothes, bedding, food Via a partnership with Swiss Solidarity, ADRA has installed three water tanks, have been installed as part of the ongoing Hambantota Water Assistance Program. The total number of beneficiaries is 30 families or approximately 150 persons. In total 1,000 will be installed across the District.</p> <p>On the 1st March ADRA and DFID started a livelihoods rehabilitation project in Tangalle District. This is for 6 months and will provide: animals and agricultural training and animal husbandry training to 1,000 households who have lost their livelihoods and their homes in the tsunami.</p> <p>ADRA is installing water tanks across the Hambantota District from Kudawella to Kirinda. Initially the Water Assistance Program was to install a total of 1,000 water tanks, benefiting 40,000 IDP's. This total has now been increased to install 1,500 water tanks across the area mentioned above.</p>		<p>10/03/2005</p> <p>21/04/2005</p>
AHIMSA	Dry rations, medicine, cloths and women's necessities, Antiseptics		05/01/2005

	<p>For quantity values and detailed descriptions please refer to the CHA website- 'other reports'</p> <p>Rehabilitation work continued in the following sectors- Shelter and housing , livelihood development (agriculture, fisheries and vocational training), community infrastructure, social development (child care, preschools), water and sanitation, health including psychosocial development.</p>		17/03/2005
GOAL Sri Lanka	<p>Rubble Removal This portion of the programme is clearing up public spaces, schools, houses and roads to allow access into areas that have been destroyed. It is done in collaboration with local government and local communities. They aim to use Cash For Work strategies so that people directly benefit from this CFW employment. It will not be possible to clear rubble on the sites of people's houses until the government assessor takes a look at the damage and pay compensation to families; this will delay house clearance at least until March 2005.</p> <p>Waste Management This involves clearing household waste– GOAL is supporting the local government to manage the waste disposal – providing transport and logistics. At present GOAL is trying to make sure there is more recycling of construction materials. GOAL will help to make sure the dumps are improved and enlarged to cater for the increase in rubbish. GOAL is also assessing the possibility of working with a local partner on this aspect of the programme.</p> <p>Sanitation GOAL is constructing latrines adjacent to temporary shelters and supporting the local authorities with septic tank clearance through the provision of equipment and local staff.</p> <p>Water Infrastructure GOAL is cleaning canals and draining lagoons filled with sea water and debris. GOAL is also providing water to displaced families in field locations.</p> <p>Non Food Items GOAL is distributing non food - bedding, clothing, shoes, hygiene kits, mosquito nets. This programme will end in April.</p> <p>Roads Programme Goal is working in collaboration with local communities and authorities to clean roads</p>		17/03/2005 24/03/2005

and do repairs to infrastructure (bridges, culverts, etc.) working in partnership with the Road Development Authority.

Permanent Housing (Rehab)

GOAL is assessing the damage to permanent houses and will assist in the rehabilitation of partially destroyed houses. This will facilitate families to return to their homes as quickly as possible. GOAL will be providing on average €400 per house to repair one or two habitable rooms through the provision of building materials and components. This will also encourage and revitalise local business such as carpentry and masonry.

GOAL is planning to assist with the construction of permanent housing, it is expected that this will be slower to start due to the process of obtaining the planning permission and approvals.

Transitional Shelter

The construction of temporary housing enables families to live independently until they begin work on a permanent solution. GOAL is constructing temporary housing for vulnerable families who have lost their homes.

Cash for work

The communities are identifying the projects to be carried out and GOAL is supporting this work with funding and logistical support.

Quick Impact Projects (QIP'S)

GOAL is supporting a variety of quick impact projects such as pre-school's, block and rope production facilities, bicycle distributions to community groups etc. These QIP's are intended to support local initiatives which are getting people's livelihoods back up and running.

Boating repair and the boating industry

GOAL is working with local cooperatives and communities in rehabilitating partially damaged boats, providing nets and replacing outboard motors. GOAL is working to restore what had previously existed and works in cooperation with the Ministry of Fisheries and FAO.

GOAL is working with the fishing cooperatives in 12 GNs and has planned:

- To repair 48 and procure an additional 48 x 17 – 23 foot boats.
- To repair 114 Oru's – 37 repaired to date.

- Repaired 8 beach seines – completed.
- Repair 4 x engines – under procurement.
- Procure nets for craft x 25 – ongoing.
- Repair infrastructure x 6 sites – ongoing.

Shelter summary – Kitchens, Latrines and shelter upgrades continue in Wandaruppa. Shelters ongoing in Twalawila – completed in two weeks approx. 20 Shelters in Kirinda, ASPIC camp to start today – good camp management/organisation on site by residents. Need to assess latrines, bathing areas and water supply to camp. 88 Wandaruppa, 16 Thwalawila, 3 godawaya completed, 20 Kirinda- new spec being constructed, to be completed in 2 weeks. Upgrading all completed shelters with verandha and kitchens.

TAP programme – Working as lead agency for Hambantota. Logistical assistance provided this week to set-up TAP office, also co-ordinating with HCR Matara to provide

31/03/2005

14/04/2005

technical support, new staff arriving in country to support this programme.
 Additional staff assigned to programme and working well with GA.

Permanent Housing – Planning ongoing with community. Community meeting took place in Wandaruppa to clear up confusions as to what GOAL is planning to do. Still waiting definitive lists of beneficiaries for housing from both villages.

Cash for work
 GOAL is working with RDA (Roads Development Authority) and Ministry of Agriculture to support road clearance and paddy field cleaning employing an average of 500 people per day. Additional work includes rubble clearance and public building cleaning. Assessments for gaps is continuing.

Livelihoods

Boat repair
 Assessments are ongoing for the restoration of on-shore fishing infrastructure repairs. GOAL is working with the fishing cooperatives in 12 GNs and has planned:
 To repair 48 and procure an additional 48 x 17-23 foot boats,
 To repair 114 Oru's – 37 repaired to date
 Repaired 8 Beach Seines – completed
 Repair 4 x engines – completed
 Procure x 75 engines – under procurement
 Procure nets for craft x 25 – ongoing
 Repair infrastructure x 6 sites – ongoing

Agriculture
 GOAL is assessing the possibility of working with a local partner (Green Movement of Sri Lanka) to provide support to those Paddy Farmers whose lands were damaged by the sea, this intervention is planned to take place prior to the May planting season.

Block Making
 GOAL is supporting one local block making business and will identify additional groups in the coming month.

Schools
 Assessment with UNICEF of potential schools that require upgrading is planned.

<ul style="list-style-type: none"> • Temporary Shelter – 88 Wandaruppa, 16 Thwalawila, 3 Godawaya, 18 Kirinda completed. Upgrading all completed shelters with verandas and kitchens. A total of 42 of the planned 86 latrines are completed with 23 of the planned 88 Kitchens completed. • TAP programme – Collecting and verifying information regarding beneficiaries. Land, service provision and beneficiary selection remain issues that are delaying progress. LEADS and GA have agreed to replace two tent camps in Hambantota with shelters for approx 300 people. Work needed to ensure shelters are constructed to standard. • Permanent Housing – Community Liaison Officer started today, should be good. Issues / confusions have arisen around land allocation, compensations offered by government, entitlements to new housing, over provision of housing. • Infrastructure – Meeting arranged to discuss infrastructure needs and programming in region. Bernard has assessed and proposed a solution for the flooding in Wandaruppa and will carry-out works as soon as possible. <p>Schools – Assessments ongoing.</p> <p>Livelihoods: Coordinator has arrived.</p> <ul style="list-style-type: none"> • Fisheries – Ongoing. Distributed a number of lobster nets last week. Problems with procuring the 19ft out-motor boats – Colombo will investigate options. 										

	<ul style="list-style-type: none"> • CFW – RDA continues, SMF continuing, UC completed. Brick-making project expanded to 3 pits operational. • Agriculture – Met with Green Movement of Sri Lanka (GMSL) to discuss recovery programme. Decided to start a month-long project for immediate agricultural recovery – GMSL to submit proposal 20.04.05, from this project we will assess partnership and longer-term programme options. • Other – Kirinda Sports Day celebration for New Year – GOAL funded prizes, cup and stage construction. Will take place 15.04.05. Most of staff to participate. 		
Gospel For Aisa	<p>Provided cooked meals in Hambantota, Rakawa, Tangalle >From 1st Jan to 3rd January.</p> <p>White school Uniform materials and trouser lengths were distributed among 130 school going children.</p> <p>School uniforms, books & stationeries were distributed to 25 school children at Pinwewa Also assistance was made possible, to construct 2 toilets for two of most needing families in the area.</p> <p>60 children of a preschool received uniform sets at Rakewa.</p>		<p>27/01/2005</p> <p>03/03/2005</p>
GTZ	<p>Southern Rehabilitation Project, Tangalle:</p> <ul style="list-style-type: none"> • Collecting the information on the local NGOs active in the area for coordination and collaboration • Support the District and Division Offices with needed equipment. • Developing a database for District and Division Offices for information dissemination and coordination purposes. • Sites for carrying out the housing and livelihood rehabilitation program have been selected. In Rekawa 15 houses to be built on-site, in Wellode 13 off-site, in Kahandamodere 17 off-site. Beneficiaries have been identified. • Vocational Training (mason, carpenters, plumbers) on two sites (Matara, Hambantota). A list of required equipment at the centers is being prepared. • A socio-economic assessment is currently under implementation in the project areas and will form the base for the community development and livelihood improvement interventions • Boats for beach seine fisheries have been built (12), nets are in progress • 26 FRP boats and 20 engines were distributed, 25 more are ordered(beneficiaries have been identified) • Boat repair (with FAO) is underway at several sites. 		31/03/2005

Institute of Human Rights	Probation and Child Care & Juvenile homes		
International Organisation for Migration (IOM)	7 lorries transported food, clothes and hygienic relief items to Tangalle and Hambantota for the Prime Minister's Office.		24/03/2005
	Transport Assistance One lorry transported tents to Hambantota district for the Prime Minister's Office.		31/03/2005
ITDG	Godawaya – Repairing of boats (dingies – OBMs) is underway. 22 bodies have been repaired by the community; 5 'orus' have been built. Replacements of engine spare parts were needed and were purchased from Negombo, & engine repair has begun.
