

CURRENT ASSISTANCE PROVIDED BY AGENCIES – 28TH APRIL 2005

EAST

TRINCOMALEE

AGENCY	ASSISTANCE	REMARKS	LAST UPDATE
ACF	<p>Truck for transporting victims 1 Water truck; Latrines; Water testing Food, security program – dry rations distribution.</p> <p>Water and sanitation : water trucking, well cleaning, human waste disposal trucking (waste management), kits distribution for hygiene promotion and waste disposal, hygiene promotion activities, latrines rehabilitation/construction Food Security: kits distribution (fishing kits, cooking utensils), construction tool and livelihood (<i>Time Frame Jan-May</i>)</p>	<p>Involved in 10 camps (schools, temples)</p>	<p>01/01/2005.</p> <p>03/03/2005</p>
AHIMSA	<p>Dry rations, medicine, cloths and women’s necessities. Apart from sending these materials to Trinco, the group also carried out cleaning activities in Trincomalee which covers areas of Trinco town, Sumeda Gama, Abayapura, Nilaveli, Kuchchveli.</p> <p>Activities in the Trincomalee was supported by the students from Social Sciences Department of University of Kelaniya. Individual citizens and VSO also supported in collecting required materials.</p>		05/01/2005
ARC	<p>ARC distributed NFRI in Arisimalai in the Pulmodai area. The agency said that they were planning to do further distribution in the Kuchchaveli division during the coming week.</p>		24/02/2005
CARE International	<p>Issuing non food items (water bottles, clothes, bed sheets, towels, soap, mats) Distributed food and non food items to approx. 15 – 20,000 people Began the 2nd phase of relief (NFRI packs) distribution on the 12th in Kuchchaveli and Ehchelampathu,. Also in the process of finalizing rehabilitation plans which will include the building of temporary shelter, WATSAN (repairing of wells and latrines etc), provision of education material, transport to displaced to return to places of origin, psycho-social support activities, income generating activities/support specially for farmers and fisherman, basic infrastructure support to government offices, repair of places of worship.</p> <p>CARE has distributed an additional 2500 NFIs in the Town & Greavts DS continues. When this is</p>		<p>01/01/2005</p> <p>04/01/2005</p> <p>19/01/2005</p> <p>10/02/2005</p>

	<p>complete (expected 15 February), CARE will have achieved its target of 7300 family packs in all five divisions most severely affected by the tsunami. CARE has held meetings with divisional leaders to coordinate rehabilitation phase and expects to work in Padavi Sri Pura, Trincomalee Town and Graveats, Kinniya, Muttur, and Echchilampattu (all seriously affected).</p> <p>CARE has distributed 1160 of the total 2500 NFIs in the Town & Greavts DS. There has been a delay in the distribution of the final 1340 NFI packs due to disturbances in the town related to the equity of NFI distribution. CARE is coordinating with the DS to plan the final distribution.</p> <p>CARE successfully completed the NFRI distribution in Town and Gravets on 26 February. The remaining 135 NFRI kits will be distributed within 2 days. Cash for Work is being carried out in four villages in Eachchalampattu DS division in collaboration with the CBOs established under AFIDACAH (PRIDE) project. Further Cash for Work activities are planned for the immediate future in Kuchchaveli and Kinniya. Established two communication centers in Muduchennai and Eachchalampattu villages in collaboration with CBOs. The center in Muduchennai opened 20 February. There are plans to establish three more centers. Committed to at least 100 transitional shelter units in Kinniya DS division and 104 in Kuchcheveli DS division.</p> <p>Cash for Work is being carried out in four DS divisions: Kinniya, Eachchalampattu, Muthur, Kuchchaveli. Work in Kuchchaveli, Kinniya, and Muthur began this week. In each DS division, CARE is collaborating with CBOs. There are approximately 125 people working each day. CARE has committed to a total of 512 transitional shelter units (412 in Kucheveli and 100 in Kinniya). There are ongoing discussions with the GA to increase CARE's commitment upwards towards 1000 if there is demonstrated need in areas where CARE has committed to work. CARE has been finalizing the shelter plans to begin the procurement process. The final NFRI delivery has not been completed as expected. 102 NFI kits remain to be distributed but is awaiting support from the DS to locate the remaining beneficiaries.</p> <p>Cash for Work is being carried out in four DS divisions in collaboration with CBOs. CARE has committed to a total of 512 transitional shelter units (412 in Kucheveli and 100 in Kinniya). CARE has been finalizing the shelter plans to begin the procurement process.</p> <p>Cash for Work program: *Cash for Work is being carried out in four DS divisions in collaboration with CBOs.</p>		<p>17/02/2005</p> <p>03/03/2005</p> <p>10/03/2005</p> <p>17/03/2005</p> <p>24/03/2005</p>
--	--	--	---

	<p>Transitional Shelter: * CARE has committed to a total of 512 transitional shelter units (412 in Kucheveli and 100 in Kinniya). The site plan has been finalized and CARE has begun the procurement process.</p> <p>Psycho Social: * CARE has been asked to take the lead role in coordinating psychosocial programming in Trincomalee District. We will continue working closely with CENT (Community Empowerment Network of Trincomalee) in our coordination efforts.</p> <ul style="list-style-type: none"> • Cash for Work is being carried out in four DS divisions in collaboration with CBOs. • CARE has committed to a total of 512 transitional shelter units (412 in Kucheveli and 100 in Kinniya). The site plan has been finalized for 32 transitional shelter units and CARE has begun the procurement process. • CARE has been asked to take the lead role in coordinating psychosocial programming in Trincomalee District. We will continue working closely with CENT (Community Empowerment Network of Trincomalee) in our coordination efforts. <ul style="list-style-type: none"> • CARE began phase one of the livelihood security support program in Trinco. This will provide support for small business people (IGA); fisher folk; and skilled and unskilled laborers. • Cash for Work is being carried out in four DS divisions in collaboration with CBOs. • CARE has committed to a total of 512 transitional shelter units (412 in Kucheveli and 100 in Kinniya). The materials have been procured and the construction has begun. 		<p>31/03/2005</p> <p>21/04/2005</p>
<p>Caritas</p>	<p>Started distributing their NFRI/Household kits as the go-ahead for the shelter project is still pending. The packs were distributed to those who were selected for the shelter package.</p> <p>EHED - Caritas - 11 shelters built in Kallarave (Kuchaveli DS). - EHED/Caritas Trincomalee is entrusted to set up 367 shelters in 9 different villages.</p> <p>- 2 tanks of 1.000 litres delivered in Maharooof Nagar (Kinniya DS). - 3 tanks of 2.000 litres delivered in Jamaliya (Trincomalee DS) and Trincomalee.</p> <p>NFRI- Opened a new warehouse, packaged and delivered 500 sets a week. Support for all schools is provided. Assessment on-going in housing Cash for work- 7 women and 2 men involved in the packing.</p>		<p>24/02/2005</p> <p>10/03/2005</p>

	<p><u>Regional Overview:</u> On Monday 14 March no activities could be implemented because the Trincomalee population had called out a hartal. EHED / Caritas Trincomalee respected the hartal and closed its office.</p> <p><u>Beneficiaries:</u> In all villages, village committees have been set up and are functioning. Criteria for shelter beneficiaries and for the set up of shelters have been established and distributed to the animators. So far 3644 Tsunami affected families have been registered in Trincomalee district.</p> <p><u>Transitional Shelters:</u> 15 transitional shelters are completed and 45 are being set up in 3 divisions but there is not enough technically qualified personnel available in the villages. A training of local welders and masons will be provided by a welder. Previously the set up of a shelter took 5 days but a welder compound has been established in order to execute the changes on the shelter so that it can be set up easily. Now the set up takes half-day, without mason work.</p> <p>Villagers were complaining that the heat in the tents was unbearable, and that they could not wait for the transitional shelters to be set up. Therefore, Caritas Trincomalee delivered cadjan to them so that they can build themselves temporary huts.</p> <p><u>Non food Items:</u> So far 1465 NFI sets have been issued to villagers in 5 villages out of 2220 sets. Due to the ongoing activities in the field and the high quality of NFI sets, village committees and local authorities have requested the assistance of EHED / Caritas Trincomalee. In order to avoid conflicts with other NGOs, the decision has to be reflected carefully.</p> <p><u>Livelihood:</u> Currently 100 villagers are benefiting from cash-for-work activities: ground clearing, welding plant, set up of shelters, production of bricks.</p> <p>First contacts were established with boatyards and experts. The assessment is ongoing. Fisherman societies, local authorities, village committees and Caritas Trincomalee are crosschecking the collected data.</p> <p><u>Recruitment & Capacity Building:</u> EHED / Caritas Trincomalee is still recruiting staff as not all positions are filled yet. The recruitment process takes some time because emphasis is put on recruiting qualified persons.</p>		28/04/2005

Danish Red Cross	<p>1. Coordination and cooperation meeting: Dr. Gunalam, the Chairman, Manivannan, Subaskar, Rabenthira, Elin. Information sharing, discussions and decisions: Contemplating to reduce number of welfare centres where PSP is provided and have three volunteers in each. Let volunteers work for at least 3 hours each time. Cooperation with volunteers from other NGOs in same welfare centres. Decided to send 12 volunteers on 10 days training in Jaffna in April. DRC interested in reconstruction of Kuchchaveli Hospital.</p> <p>2. Follow up/ supervision For the second time supervision and monitoring was given to each of the four groups. Bags, cups, T-shirts, pens, were provided to all volunteers and notebooks for some of them. One logbook provided to each of the welfare centres. Everybody was reminded of the importance of registering. Volunteers delivered their filled out registration forms and shared their experience of doing PSP. In general, volunteers were happy with the activities, children and parents approved of them and even some religious leaders as well. 2 – 3 volunteers will cover each of the selected welfare centres. The idea of establishing community centres was discussed. Volunteers will explore the situation in their welfare centres regarding that issue. Volunteers do PSP in the welfare centres for 12 half days pr. month. Still they can only be paid 150 Rs. per day and 1.800 Rs. at maximum per month. That means not more than 12 working days. It may be difficult to sustain the group of volunteers on only 150 Rs pr. day when other</p>		31/03/2005

	<p>NGOs are paying more. Some of the volunteers have to LEGGJa hart ad ser f. ex. need to travel long distances, up to 15 km, to the welfare centres. A new policy from SLRCS HQ regarding this issue must be accepted soon and made official.</p> <p>It is very important to regularly follow up and monitor volunteer's activities in the welfare centres. It has to be stated that volunteers are doing their expected activities, the quality of their work need to be ensured and supported and they have to experience interest and support from SLRCS and DRC.</p> <ul style="list-style-type: none"> • Volunteers in Eachilampathu: 8 volunteers attended. Four volunteers did not come. Hopefully it was only because of they misunderstood the time of the meeting. Decided to work in 4 welfare centres where many lives were lost. Some of the welfare centres have 2 – 3 divisions in different places. Some volunteers keep the toys and items in locked places in ICRC's health centres and others keep them at home. <p>Information about a school which was washed away: Verugal Muhathuwaram. 33 people died. UNICEF provided temporary shelters. Volunteers approved the idea of getting bicycles because they have to travel long distances.</p> <ul style="list-style-type: none"> • Volunteers in Kuchchaveli: 11 volunteers met. 30 – 74 children participate in activities in each of the welfare centres every time. It was decided to start establishing a community centre in one of the welfare centres because there is a need for a proper place to provide the activities. • Volunteers in Kinniya. 9 volunteers met (thereof two untrained). A successful meeting. Still ongoing changes of locations of activities. <p>3. Community Centre in Rice Mill welfare centre: It became evident that InterSOS is planning to construct community centre there just as we are. We have postponed the construction for a while and will meet InterSOS and Dr. Faiz, MoH in Muthur next Monday.</p> <p>4. Task Force meeting of Education: Different NGOs were participating and giving information about their activities. NRC has not received any confirmation allowing them to build and reconstruct many schools in three districts, incl. 1 in Trincomalee and 7 in Muthur. There is a possibility that DRC will participate in the reconstruction or the renovation of playgrounds.</p>		
--	--	--	--

	<p>-InterSOS has provided temporary shelters for three schools in Muthur. -Exams have been postponed until June. Children lost their notes. They have now been copied and distributed. Special classes are preparing the pupils for the exams. -GTZ and UNICEF have been providing different items to schools. -WFP: Had a feeding program before Tsunami and still have. Need for kitchen utensils and kitchen in many schools. -IFRC/ Danish Red Cross can provide school items, bicycles for school children who have to travel more than 3 km to and from school, are Tsunami affected and are attending school. Kitchen utensils and other things if there are gaps and/or need. Further information will be given from UNICEF, including a list of schools in need.</p> <p>Weekly meetings on Thursdays at 10 a.m.</p> <p>5. Supervision of volunteers. It has been decided to get additional supervision from local professionals. Zonal Director of Education in charge of Trincomalee town and Kuchchaveli: Following a request, a teacher-counsellor in Nilaveli was recommended to supervise our volunteers. She will be contacted. The Zonal Director of Education in Kinniya and another in Muthur and Eachilampathu will be contacted regarding volunteers' supervision in their divisions.</p> <p>6. CENT (Community Empowerment Network of Trincomalee): Weekly coordination and cooperation meeting. It was once more empathized that all PSP activities in the district should be under the umbrella of CENT. Risk groups were mentioned and the importance of identifying people at risk and referring them to professional support. The previous plan to let mobile teams visit the welfare centres has not yet been implemented successfully. Only one visit so far and not totally clear how this will be done in the future. It was decided to have a coordination PSP sub-meeting in Muthur division. The time of the meeting will be announced on the next Saturday. Results will later be introduced on a Saturday meeting. CENT in cooperation with NGO is providing one day PSP training for volunteers. The NGOs were asked not for the first time to give information about: 1) Name of agencies/partner 2) Location. 3) No. families in the area. 4) Activities done. 5) What can be promoted to others who are doing PSP? This information has previously been given from SLRCS/ IFRC/ DRC about PSP activities in Trincomalee and will be updated.</p> <p>7. Concept paper from Trincomalee branch about branch development, main activities and</p>		
--	--	--	--

priorities was created this week. It will be provided when finalized.

8. The proposal to DRC:

Meeting with the Secretary, Chairman, BEO, SPC and the new supporting delegate from IFRC: The branch proposal to DRC for a new office building was discussed. It is difficult to rent a land in Trincomalee town or get a land from local authorities. Most of available land has been bought and used by the government. It was decided to advertise for a suitable land in the town and get quotations. DRC has already promised to contribute to a new branch office and will consider it more concretely. The DRC finance delegate in SL will attend a meeting in Trincomalee next week where these issues will be discussed.

9. DRC provided a desk top computer and an UPS to the PS Coordinator/ assistant and to the branch.

10. Most of necessary things for house and office have been bought but still not finalized.

11. Administration work: Account's summary list, fixed asset list and

Next week and in the future:

- Meeting InterSOS because of overlapping interest in one of the welfare centres.
- Visit to a remote welfare centre in Muthur East (LTTE controlled area). Look for volunteers work and safety and a need for community centres.
- Planning, taking decisions and organizing of community centres. Get quotations for
- Get quotations for a Motorbike for the coordinator/ assistant from the branch and then order it.
- Make an updated list of volunteers, locations, welfare centres, time of giving PSP, statistics about the welfare centres...
- Keep ongoing arrangement of supervision for volunteers, including teachers' counsellors.
- Get information and make assessment for the need of bicycles.
- Finish buying and distributing items already accepted to do.
- Look into PS training or PFA training for teachers.
- Work on how to support the branch in buying a land and building an office and other arrangements concerning that.
- Finance work together with the finance delegate from DRC Colombo office.
- Meeting with ICRC.
- Meeting with ICRC, SLRCS and all PNS in Trincomalee.
- Results from volunteers registrations.

	<p>-Results from evaluation of the three days training in Trincomalee.</p> <p>1600 kitchen utensils have been ordered for families in uncontrolled areas.</p> <p>Psychosocial Support Project-09.04. – 15.04.2005.</p> <ul style="list-style-type: none"> • Meeting with the other PSP delegates from the Danish Red Cross: Sharing experience – general overview of the activities and new ideas and discussion around the problems met; NRC project; Jean’s (PSP delegate in Colombo office) job description; baseline survey; DRC newsletter; logistics and practical issues; document sharing. • Ongoing planning of establishing community centres in Seenaveli, Muthur, Kinniya and Kuchaveli. • Visits to welfare centres in Eachilampatai: Distribution of toys to young children. Assessing possibilities for community centres. Construction of Community centre will take place in Ilangathura - Muhathuvaram, Eachilampatai. (TDDA in charge of the camp). • Meeting with the Chairman of the branch, Dr. Gunalam; Secretary of the branch, Mr. Nimalkumar; BEO, Mr. Manivannan; SPC, Mr. Subaskar; PSP Coordinator of the branch, Mr. Rabenthira. • Ongoing planning of PSP basic training for teachers in collaboration with Zonal Director of Education Office in Trincomalee town. • Meeting with Zonal Director of Education in Kinniya, Eachilampathu and Muthur. 1) Agreed to release two teachers’ counsellors for two days per month in each division. 2) Basic PSP/PFA for teachers will be released for five hours. The purpose is to increase teachers’ awareness and skills for how to give PFA/PS. Training will take place before the 15th of June. 3) It was invited to provide items needed to schools. The Zonal Director of Education will prepare information regarding issues above mentioned and provide next week. • Ongoing planning of English lessons for PSP volunteers. Volunteers find their own qualified teachers in each division. • 47 bicycles distributed to PSP volunteers in four divisions. The Chairman of the branch, Dr. Gunalan managed distribution in two divisions. Two bicycles were given to two of the SLRCS local staff who lost their own during Tsunami. • Meetings with volunteers in different divisions. • Distribution of kitchen utensils, sanitary napkins and toys. • Meeting with a Security Delegate from ICRC Geneva regarding security matters for PNSs delegates. • Meeting with SLRCS, ICRC and PNSs. Cooperation and information sharing. • Meeting with IOM, CCF, WV and UNICEF regarding cooperation and coordination in 		<p>07/04/2005</p> <p>21/04/2005</p>

Rehabilitation of partly damaged houses - – Trincomalee District.

- Help has started a data collection via questionnaire which is ongoing since 28.02.2005. Every questionnaire will be proved and checked by respective governmental authorities.

temporary wards, one for immunization of children, and the other for an ante-natal clinic.

* The ICRC donated dressing sets and plaster casting material used for the treatment of up to 1000 injured patients as well as medications to the Trincomalee General Hospital.

*80 mattresses were supplied to the Mutur Hospital. Medications and equipment were also provided to other sites such as two welfare camps located in Buddhist temples in Trincomalee town.

* ICRC team is putting up 20 temporary health centres in the camps of Mutur and Eachchilampattu. These temporary structures will be used for vaccination campaigns, baby clinics, first aid, nutritional programs, and health education / hygiene promotion. Eight of the structures have been installed so far.

* Since the last week of January, a Sri Lanka Red Cross Mobile Health Team, funded by the Swedish Red Cross, is visiting villages and welfare centres in Mutur, Kinniya and Eachchilampattu. Over 1000 patients have received consultations since the program began.

Water & sanitation

The ICRC has assumed responsibility for water and sanitation in the Kallady, Poogyady and ASC camps.

* In the Kallady and Poonivadi camps the ICRC team installed 5000-litre flexible water tanks, tap stands and pumps.

* In Kallady, a block of four latrines has been constructed and three other blocks of four latrines are planned as well as two new wells for bathing purposes in addition to improvements to neighbouring wells.

* In the Poonivadi camp, the ICRC has rehabilitated two existing latrines and built 3 new ones. A kitchen has been constructed and a temporary health centre is planned.

* The ICRC has equipped four wells with concrete aprons for bathing purposes and plans improvements on other wells around the camp. At the ASC camp, one block of two latrines has been constructed and the existing well will be disinfected and improved.

* A water treatment unit given to the ICRC by the Norwegian Red Cross has been installed at the Eachchilampattu Hospital and produces 15,000 litres of washing water per day.

Shelter

The ICRC agreed to put up tents for all displaced families in Eachchilampattu, Mutur, Kuchchaveli

	<p>town and gravets. About 1000+ tents have been set up so far in seven camps and other locations.</p> <p>*. An additional 79 tents have been distributed to displaced families in the area. Six temporary communal kitchens are under construction in three of the camps.</p> <p>* In the initial emergency phase, because of the weather conditions, the ICRC delivered over 4400 tarpaulin plastic sheets to serve as a temporary shelter to camps in Eachchilampattu, Mutur, Gomarakadawala and Madawachchi.</p> <p>* Distributed over 200 tents in the Eachchilampattu area of Trincomalee District.</p> <p>Assistance</p> <p>*With the help of volunteers from the Sri Lanka Red Cross Society, the ICRC delivered around 5600 family parcels containing essential household items, such as floor mats, bed sheets, towels, soap, buckets, cups, plates, and bowls.</p> <p>* Of these, 2378 family parcels went to welfare centres and camps in Muthur, 2000 in Eachchilampattu, 148 in Gomarakadawala, 43 in Madawachchi, and 31 in Arisimale. Furthermore, the ICRC provided about 100 large 50-litre communal cooking pots and 2600 family cooking sets, as well as lanterns and hygienic cleaning material.</p> <ul style="list-style-type: none"> • Distributed 134 tents, 1000 blankets and over 800 jerry cans in Muthur. 		14/04/2005
International Organisation for Migration (IOM)	<p>On 28 December 2004, a lorry containing rice, milk powder, tea, biscuits, bottled water, soap, toothpaste and toothbrushes for 1,000 families despatched. In coordination with the Red Cross and UNDP, distribution of these supplies began in Trincomalee on 29 December, 2004 in the locations (“pockets”) of Linganam, Periyakulam, and Kinniya. An IOM team also visited Vaharai areas and distributed relief items to the IDP’s in the camps in the area.</p> <p>On 28 December 2004, two further lorries carrying bottled water (2520 Lt per lorry) were sent to Trincomalee.</p> <p>29 December. 1300 mats and sheets were distributed in camps in the south of Vaharai (Batticaloa) and the truck was re-directed to Trincomalee as the northern camps could not be reached due to a broken bridge. A further five IOM Staff from Colombo arrived in Trincomalee and Batticaloa to assist the field office staff in need assessments and aid distribution.</p> <p>1 January 2005. Relief packages to 350 families were distributed; water pumps were organised to clear wells in 6 camps; a medical team was organised by IOM to service these camps (through SLRCS). 5000 Lt of Water bottles were dispatched to Trincomalee from Colombo. IOM staff in Trincomalee and Batticaloa report that 4122 families are in need of shelter in the Vaharai Division.</p>		06/01/2005

	<p>2 January. Water bottles were received and stored in Trincomalee and will be distributed in coordination with the district coordinatiom committee.</p> <p>Shelter/ Camp Activities Raising of 25 big tents received from Colombo commenced. The tents will be used as temporary living quarters for IDPs from Soodaikudah DS division. Construction of a health clinic centre and a water drainage system is in progress in IOM shelter site, Mutur DS division. The GA in Trincomalee informed agencies to stop all shelter construction activities until further notice.</p> <p>Shelter/Construction and other camp activities: Various activities took place in Naduthivu IDP camp, Muthur where IOM has constructed temporary shelters for 180 families. These include:</p> <ul style="list-style-type: none"> • 12 additional garbage collection barrels with stands and wooden covers were installed and IOM is in the process of organising garbage collections every second day. • The individual kitchens (180) were improved with tin sheets to reduce fire hazards. • Construction of a community centre was completed. • A Camp Management Team (CMT) was established which include representatives from IOM, government services, police and the camps committee. • Camp residents elected leaders and members for subcommittees which are to take care of various camp components including health, security, sanitation etc. IOM held seminars to discuss camp management issues and the different committees’ tasks and responsibilities. <p>Transport Assistance:</p> <ul style="list-style-type: none"> ➤ Two lorries transported relief items to Trincomalee for UNHCR. ➤ IOM transported seven Spanish relief workers (one van) and water purification equipment (one lorry) to Kinya, Trincomalee district for ONGD Bomberos Unidos Sin Fronteras. <p>Temporary shelters have been completed for 180 families. Various communal areas, toilets and showers have been constructed on the sites.</p> <p>Shelter & Camp Activities: *In the IOM constructed IDP camp Naduthivu,Muthur DS Divisions doors with limber frames & tin sheet covers were provided. *An additional health clinic & police post were established. *IOM provided various buckets, basins & cleaning materials for camp maintenance. *Various activities took place in naduthivu IDP camp & Muthur where IOM has constructed temporary shelters for 180 families. These are, -12 additional garbage collection barrels with stands.</p>		<p>24/02/2005</p> <p>10/03/2005</p>
--	---	--	-------------------------------------

	<p>-The individual kitchens (180) were improved with tin sheets to reduce fire hazards. -Construction of a community centre was completed. -A Camp Management Team (CMT) was established. *IOM is currently committed to constructing 718 transitional shelters within the next 6 months.</p> <p>Procurements/Purchases: *IOM hired 2 warehouses for shelters materials.</p> <p>Transport Assistance: *2 Lorries transported relief items to Trinco for UNHCR. *IOM transported 7 Spanish relief workers (1 Van) & water purification equipment (1 lorry) to Kinniya, Trinco District.</p> <p>Dozer site clearing for transitional accommodation construction is progressing on sites in Muthur and Eachchilampattu DS divisions. Distributed 326 mosquito nets in two IDP camps in Eachchilampattu DS division on behalf of Trincomalee Lions Club.</p> <p>Transitional Accommodation</p> <ul style="list-style-type: none"> • Site clearing continues in Soodaikudah, Mutur DS division and Ilangaithurai and Kallady, Eachchilampattu DS division. • Materials were transported and prepared at each site. <p>In Kallady, IOM staff presented the transitional accommodation design to the beneficiaries who gave their approval. The future residents were also consulted on the site layout.</p> <p>Various activities in the districts Following an IOM request, the Department of Health supplied Samaposha, a local nutritional food aid which IOM staff distributed to children under three years old and pregnant women in Soodaikudah IDP camp, Muthur, Trincomalee district</p> <p>Transport Assistance One lorry was provided for MDM Spain to transport plastic buckets to Trincomalee district</p> <p>Site clearing continues in Soodaikudah, Mutur DS division and Ilangaithurai and Kallady, Eachchilampattu DS division. Construction of a transitional accommodation model commenced.</p> <ul style="list-style-type: none"> • An IOM engineer arrived to assist with initial construction of transitional accommodation in the district. • Construction of 45 transitional accommodation units commenced on sites in Soodaikuda, Mutur DS division (30) and Kallady, Echalampattu DS division (15). A model was completed in each division. 		17/03/2005

Norwegian Refugee Council (NRC)	<p><u>Transitional Shelter:</u> In order to support the immediate transitional settlement capacity for disaster-affected families NRC is providing family shelter support packages to approximately 1300 families in two locations in Trincomalee district.</p> <p><u>Camp Management Training.</u> In February a training workshop in Camp Management was held in Trincomalee. There were 16 participants from Sri Lankan government institutions as well as NGOs, Sri Lankan Red Cross and one</p>		07/04/2005

	<p>UN agency. The training covered the topics of Camp Management, International Standards, the IDP Guiding Principles and the NRC Toolkit.</p> <p>NRC is hoping to extend this program and establish Camp Management Resource Centres in more districts throughout the country, which would act as training, coordination, and information sharing focal points for those involved in the direct service provision for IDP camps.</p> <p><u>School Rebuilding.</u> NRC will rebuild and rehabilitate eight schools damaged by the tsunami in Trincomalee district.</p> <p>NRC's architect has recently completed a visit to all schools to be rebuilt or rehabilitated by NRC together with NRC Project Coordinators. During these visits tailor-made rebuilding programs for each and every school have been discussed with the local authorities (zonal directors for education and school principals). The designs will be further developed in order to incorporate various local needs. The Ministry of Education will be consulted regarding the designs in the beginning of April. As soon as the architectural designs are approved, the structural designs and tender documents will be prepared.</p> <p>A psychosocial program is being developed for training of teachers, and selected teachers from all schools to be rehabilitated by NRC will participate in psychosocial training.</p>		
OXFAM	<p>Distributed a number of gender kits. However, further distribution will follow a thorough baseline data collection.</p> <p>Oxfam reported on Kinnya.</p> <p>*The DS has left and Kinnya is now being covered by the DS from Muthur.</p> <p>* Many new organizations keep turning up and some have got clearance from the DS to start to clear land for shelter. JVP has started to build shelter on private land in Faizal Nagar.</p> <p>*The organizations are feeling increasingly frustrated.</p> <p>*Kinnya Vision has started to build 30-40 houses</p> <p>*Oxfam is to start on Monday but has some difficulties with allocated land that apparently is a Muslim burial site.</p>		<p>24/02/2005</p> <p>24/03/2005</p>
OCHA	<p>The Human Rights Commission's Disaster Relief Monitoring Unit visited Trincomalee from 23 to 25 March. The Unit has now received more than 125 complaints from individuals and groups reporting discrimination or other problems with assistance. The Unit has convened a Working Group on Relief Monitoring, bringing together leading civil society networks to facilitate more systematic monitoring and sharing of information from the field.</p>		31/03/2005

World Food Programme	Provided 450 tons of rice The third cycle of food distribution has begun in Trincomalee district where WFP is providing food to 110,000 people. The newly added wheat-flour, as part of the regular WFP ration is being most appreciated by the beneficiaries. During a routine monitoring activity in Trincomalee district, WFP staff received requests from Kuchchaveli division for more food distribution points, as some beneficiaries are too far away from current points. The matter is being discussed with the GA (Government Agent).		03/02/2005 03/03/2005
World University Service of Canada (WUSC)	Drugs handed over to Deputy Provincial Director of Health Services and doctors transported to rural refugee camps, notified relevant authorities regarding the existence of remotely located refugee camps. 5 pumps, tools, equipment and accessories to assist with well rehabilitation in cooperation with Unicef. 506 wells cleaned to date in Kuchchaveli DS with guidance of NWSDB and CEA. Stitching 8,000 school uniforms through GAD partner TDGSAWW. 28.01.05 NFRI's (travelling bags) distributed 939 Tamil & Muslim families.		31/03/2005
