- **Sustainability**
- **Q & A**

# ***Project Objective***

**Encourage and support youth to design and carryout their own projects in their own localities, which;**

- **Give them a livelihood**
- **Has direct benefits to their own localities and communities**

# ***Implementation***

- **Select youth from districts**
- **Empower them with necessary knowledge**
- **Guide them to start & continue project**

# ***The Person & His/Her Role***

## **The Person**

- **Youth with ICT talent**

## **His/Her Role**

- **Plan and design the project**
- **Find necessary resources with CHA support**
- **Continue with our guidance**

# The Pilot Project

CHA Virtual Private Network (VPN)

# ***Sustainability***

- **More focus from the beginning**
- **Give priority to the projects which are sustainable**
- **Incorporate features which make their projects sustainable.**

**Q & A**

***Thank You.***
